The Adventures of Sherlock Holmes and Other Stories

Sir Arthur Conan Doyle

The Adventures of Sherlock Holmes

The world’s most famous detective is asked to investigate when murder leaves the police baffled. Alongside his faithful Dr John Watson, the master of deduction, he outwits the most cunning of thieves and most villainous of murderers. Eight astonishing methods of deduction, from the extraordinary case of The Speckled Band to the psychological reactions of a Civil War soldier at Chancellorsville, and the tragedy of the Jacobite Cause in 18th century Scotland. From the strange case of ‘The Red-Headed League’ to the more famous ‘The Adventure of the Speckled Band’, it is Holmes and Watson, not Dr Watson and his assistant, who narrates the stories. Doyle was the first to employ the sidekick technique, thereby creating a character in just as much suspense and awe as his readership at the mental escapades of the erratic, terrifyingly intelligent Holmes.
