Winston's is a book for students, teachers, and historians. More valuable than knowledge, wisdom is gained by learning from the past and solving problems in the present. By examining the world of science, politics, religion, and social issues, we can see patterns in how they have evolved and how they interact with each other. W.E. S. R. Lovejoy's classic book "A Great Mind is a Great Gift" shows how we can learn from the past to better understand the present and the future.
