Squeezing It In: Creating and Revitalising Small Spaces - Mary Leslie - 2012-02-29

Our living spaces are getting smaller but, as we spend more time at home, they must now work harder than ever to provide us with room to relax, work and entertain. Interior designers need to understand how to build accessibility, circulation, storage and lighting into the most restricted areas, without compromising on style. This is a concise yet jargon-free guide, Mary Leslie demonstrates how to design for compact living, proposing creative solutions that can be adapted by a variety of architects. It reveals how small spaces can be made to work within a small budget, while still providing for every level of small space, and every budget. It offers new ways of measuring quality, efficiency, and effectiveness, with contributions from practitioners and researchers in Australia, New Zealand, and the United States.
