Vice Slang

Vice Slang - Tom Daizell - 2007-10-31

Are you a bit of a chairwarmer? Do you use the wins from a country straight to get scudded on snakebite in a blind tiger? Do you ride the waves on puddle or death drop? Vice Slang gently eases you into the language of gambling, drugs and alcohol, providing you with 3,000 words to establish yourself firmly in the world of corruption and wickedness. All words are illustrated by a reference from a variety of sources to prove their existence in alleys and dives throughout the English speaking world. This entertaining book will give you hours of reading pleasure.
English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term’s use in print. Hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge, commentary on the term’s origins and meaning to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and Australia New terms from the language of social networking Many entries now revised to include new dating, new citations from written sources and new glosses The New Partridge Dictionary of Slang and Unconventional

Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, The Dictionary of Slang and Unconventional English, this two-volume New Partridge Dictionary of Slang and Unconventional English is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British

Vietnam War Slang - Tom Dalzell - 2014-07-25
In 2014, the US marks the 50th anniversary of the Gulf of Tonkin Resolution, the basis for the Johnson administration’s escalation of American military involvement in Southeast Asia and war against North Vietnam. Vietnam War Slang outlines the context behind the slang used by members of the United States Armed Forces during the Vietnam War. Troops facing and inflicting death display a high degree of linguistic creativity. Vietnam was the last American war fought by an army with conscripts, and their involuntary participation in the war added a dimension to the language. War has always been an incubator for slang: it is brutal, and brutality demands a vocabulary to describe what we don’t encounter in peacetime civilian life. Furthermore, such language serves to create an intense bond between comrades in the armed forces, helping them to support the heavy burdens of war. The troops in Vietnam faced the usual demands of war, as well as several that were unique to Vietnam – a murky political basis for the war, widespread corruption in the ruling government, untraditional guerilla warfare, an unpredictable civilian population in Vietnam, and a growing lack of popular support for the war back in the US. For all these reasons, the language of those who fought in Vietnam was a vivid reflection of life in wartime. Vietnam War Slang lays out the definitive record of the lexicon of Americans who fought in the Vietnam War. Featuring no prior knowledge, it presents around 2000 headwords, with each entry divided into sections giving parts of speech, definitions, glosses, the countries of origin, dates of earliest known citations, and citations. It will be an essential resource for Vietnam veterans and their families, students and readers of history, and anyone interested in the principles underpinning the development of slang.

Shorter Slang Dictionary - Paul Beale - 2003-09-02

Includes words and phrases from United States history and from such current subcultures as technology and the Internet, the media, recent immigrants, and fashion. The Concise Dictionary of Slang (18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. "Brilliant," said Mark Lawson on BBC2's The Late Review. "This is a terrific piece of work - learned, entertaining, funny, stimulating" said Jonathan Meades in The Evening Standard. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research has thrown up some fascinating results.

The Oxford Handbook of Lexicography (2016) This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts, reflecting the main types of lexicography. Part I looks at synchronic dictionaries - those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicities of dictionary production. The book ends with a chronology of major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field.

programming in museums. Structured around three key themes, this volume seeks to diverge from the dominant cultures and communities. Effective Christian ministry thus demands a basic grasp of the beliefs and practices of other faiths. Drawing together the best in conservative Christian scholarship, this dictionary provides concise discussion and analysis of contemporary religions in the context of modern and postmodern culture. The volume has a bipartite structure: Part One consists of introductory articles dealing with general religious and cultural issues; Part Two contains articles on the principal religions and new religious movements found in the West. An accessible work of reference, the Dictionary of Contemporary Religion in the Western World will be an indispensable tool for scholars and students, teachers and ministers, Christian workers, and anyone who is seeking an informed understanding of today's religious plurality.

Dictionary of Contemporary Religion in the Western World - Christopher Hugh Partridge - 2002

During the past century, the religious landscape of the Western world has changed dramatically. All of us now live in multi-faith societies, in which established religions co-exist with new and alternative spiritualities. The internet and the rapid development of communication technologies have increased our awareness and knowledge of other cultures and communities. Effective Christian ministry thus demands a basic grasp of the beliefs and practices of other faiths. Drawing together the best in conservative Christian scholarship, this dictionary provides concise discussion and analysis of contemporary religions in the context of modern and postmodern culture. The volume has a bipartite structure: Part One consists of introductory articles dealing with general religious and cultural issues; Part Two contains articles on the principal religions and new religious movements found in the West. An accessible work of reference, the Dictionary of Contemporary Religion in the Western World will be an indispensable tool for scholars and students, teachers and ministers, Christian workers, and anyone who is seeking an informed understanding of today's religious plurality.

Provides the linguistic derivations of more than twenty thousand American English words

Global English Slang - Julie Coleman - 2014-01-10

Global English Slang brings together nineteen key international experts and provides a timely and essential overview of English slang around the world today. The book illustrates the application of a range of different methodologies to the study of slang and demonstrates the interconnection between the different sub-fields of linguistics. A key argument throughout is that slang is a function played by specific words or phrases rather than a characteristic inherent in the words themselves- what is slang in one context is not slang in another. The volume also challenges received wisdom on the nature of slang: that it is short-lived and that slang is restricted to verbal language. With an introduction by editor Julie Coleman, the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland. Authors also explore slang in Jamaica, Australia, New Zealand, India and Hong Kong and the influence of English slang on Norwegian, Italian and Japanese. A final section looks at slang and new media including online slang usage, and the possibilities offered by the internet to document verbal and gestural slang. Global English Slang is an essential reference for advanced undergraduates, postgraduates and researchers working in the areas of lexicology, slang and World Englishes.

The Liverpool English Dictionary - Tony Crowley - 2018-04-01
Know someone with an antwacky stem-winder? Heard the Band of Hope Street? Ever been on a vinegar trip? Do you jangle? Ever met a Cunard yank in the Dingle? Could you pay for a dodger with a jovy? Have you heard a maccyowler in a jigger? The Liverpool English Dictionary records the rich vocabulary that has evolved over the past century and a half, as part of the complex, stratified, multi-faceted and changing culture of this singular city. With over 5,000 entries from ‘Abbadabba’ to ‘Z-Cars’, the roots/routes, meanings and histories of the words of Liverpool are presented in a concise, clear and accessible format. Born and bred in Liverpool, Professor Tony Crowley has spent over thirty years compiling this bold and innovative dictionary, investigating historical lexicons, sociological studies, works of history, local newspapers, popular cultural representations, and, most importantly, the extensive ‘lost’ literature of the city. Illuminating, often remarkable, and always enjoyable, this book transforms our understanding of the history of language in Liverpool.

The Elements of Expression - Arthur Plotnik - 2012-06-01
More than ever in this completely updated edition, The Elements of Expression helps word users “light up the cosmos or the written page or the face across the table” as they seek the radiance of expressiveness—the vivid dominating today’s talk, airwaves, and posts. It tags at our every sentence, but using it to express anything beyond the ordinary is like flapping the tongue to escape gravity. The Elements of Expression offers an adventurous and inspiring flight into words that truly share what’s percolating in our minds. Here writers, presenters, students, bloggers—even well intentioned “Mad Men”—will discover language to convey precise feelings, move audiences, delight and persuade. No snob or scold, the acclaimed word-wizard Arthur Plotnik explores the full range of expressiveness, from playful “tough talk” to finely wrought literature, with hundreds of rousing examples. Confessing that we are all “like a squid in its ink” when first groping for luminous expression, he shines his amiable wit on the elements leading, ultimately, to language of “fissionable intensity.”

The Elements of Expression - Arthur Plotnik - 2012-06-01
More than ever in this completely updated edition, The Elements of Expression helps word users “light up the cosmos or the written page or the face across the table” as they seek the radiance of expressiveness—the vivid dominating today’s talk, airwaves, and posts. It tags at our every sentence, but using it to express anything beyond the ordinary is like flapping the tongue to escape gravity. The Elements of Expression offers an adventurous and inspiring flight into words that truly share what’s percolating in our minds. Here writers, presenters, students, bloggers—even well intentioned “Mad Men”—will discover language to convey precise feelings, move audiences, delight and persuade. No snob or scold, the acclaimed word-wizard Arthur Plotnik explores the full range of expressiveness, from playful “tough talk” to finely wrought literature, with hundreds of rousing examples. Culinary Linguistics - Corinela Gerhardt - 2013-07-04
Language and food are universal to humankind. Language accomplishes more than a pure exchange of information, and food caters for more than mere subsistence. Both represent crucial sites for socialization, identity construction, and the everyday fabrication and perception of the world as a meaningful, orderly place. This volume on Culinary Linguistics contains an introduction to the study of food and an extensive overview of the literature focusing on its role in interplay with language. It is the only publication fathoming the field of food and food-related studies from a linguistic perspective. The research articles assembled here encompass a number of linguistic fields, ranging from historical and ethnographic approaches to literary studies, the teaching of English as a foreign language, psycholinguistics, and the study of computer-mediated communication, making this volume compulsory reading for anyone interested in genres of food discourse and the linguistic connection between food and culture. Now Open Access as part of the Knowledge Unlatched 2017 Backlist Collection.

Middle and Modern English Corpus Linguistics - Manfred Markus - 2012
This book brings together a variety of approaches to English corpus linguistics and shows how corpus methodologies can contribute to the linking of diachronic and synchronic studies. The articles in this volume investigate historical changes in the English language as well as specific aspects of Middle and Modern English and, moreover, of English dialects. The contributions also discuss the development of English corpus linguistics generally and its potential in the future. Special focus is given to the continuity between Middle and Modern English [much in line with the linking in previous studies of Middle English and Old English under the generic term 'Medievalism']. This volume highlights the continual development of English from the medieval to modern period.

**Better Than Great** - Arthur Plotnik - 2011-07-12

A veritable "toko of terminology," Better Than Great is the essential guide for describing the extraordinary — the must have reference for anyone wishing to rise above tired superlatives. Deft praise encourages others to feel as we do, share our enthusiasm. It rewards deserving objects of admiration. It persuades people to take certain actions. It sells things. Sadly, in this "age of awesome," our words and phrases of acclaim are exhausted, all but impotent. Even so, we find ourselves defaulting to such habitual choices as good, great, and terrific, or substitute the weary synonyms that tabulate our a thesaurus — superb, marvellous, outstanding, and the like. The piling on of intensifiers such as the now-silly "super," only makes matters worse and negative modifiers render our common parlance nearly tragic. Until now. Arthur Plotnik, the wunderkind of word-wonks is, without mincing, proffering a well knit wellspring of worthy and wondrous words to rescue our worn-down usage. Plotnik is both hella AND hecka up to the task of rescuing the English language and offers readers the chance to never be at a loss for words!

**The Blue Book of Grammar and Punctuation** - Lester Kaufman - 2021-04-16

American English(es) - Roberto Cagliero - 2013-05-24
American English(es) focuses on the manifold nature of a macro-regional variety of English which is better described in the plural form, thus enhancing the endless contribution of most diverse ethnic groups, such as those kidnapped from Africa to be employed as slaves, survivors of native American tribes systematically exterminated in the past, and, later on, European Jews escaping from pogroms, Europeans and Asians escaping from poverty, and, more recently, Central and South Americans, mostly Spanish speakers, emigrating to the USA in search of supposedly better living conditions. By tackling the notions of "minority", "variety", and "dialect", this book singles out three language-related phenomena which are currently relevant to the academic and cultural debate concerning US society, namely the obsolescent representation of minority vs hegemonic varieties of English, the latest developments of the Spanish vs English controversy, and the increasing exposure of slang in public contexts. The multiple points of view on American Englishes, offered by the essays included in the present volume, draw on diverse and often contrasting approaches, ranging from corpus linguistics to cultural studies, from lexicography/lexicology to discourse analysis.
