The Three Stooges: Disorder in the Court - - 1999

Disorder in the Court - Greg Lenburg - 2015-02-03
For nearly 50 years, the Three Stooges brought laughter to millions. Among their legacy is an amazing 190 short subjects (known by their fans as "episodes") which they starred in from 1934 to 1959 for Columbia Pictures. One of those shorts is the classic "Disorder in the Court" (1936) starring the most popular Stooges, Moe, Larry and Curly. "Disorder in the Court" casts the Stooges as main defense witnesses in a murder trial. Naturally, the Stooges can't testify without causing a riota laugh riot. In the tradition of "The Three Stooges in Orbit Film Story" comic book of 1962, the "Disorder in the Court: A Stooges Film Story Book" tells the movie story, from the beginning to end, with photos and text. To tell the story, more than 60 never-before-published, high quality images taken directly from the film are used. Each page captures the humor and essence of this long-time favorite of Stooges fans.

Disorder in the Court - Andrea L. Alden - 2018-08-21
"The insanity defense is considered one of the most controversial, most misunderstood, and least straightforward subjects in the American legal system. Disorder in the Court: Morality, Myth, and the Insanity Defense traces the US legal standards for the insanity defense as they have evolved from 1843, when they were first codified in England, to 1984, when the US government attempted to revise them through the Insanity Defense Reform Act. Throughout this period "insanity" existed primarily as a legal term rather than a medical one; yet the testimony of psychiatric experts is required in cases in which an insanity defense is raised"--

Supreme Disorder - Ilya Shapiro - 2020-09-22
"A must-read for anyone interested in the Supreme Court."—MIKE LEE, Republican senator from Utah Politics have always intruded on Supreme Court appointments. But although the Framers would recognize the way justices are nominated and confirmed today, something is different. Why have appointments to the high court become one of the most explosive features of our system of government? As Ilya Shapiro makes clear in Supreme Disorder, this problem is part of a larger phenomenon. As government has grown, its laws reaching even further into our lives, the courts that interpret those laws have become enormously powerful. If we fight over each new appointment as though everything were at stake, it's because it is. When decades of constitutional corruption have left us subject to an all-powerful tribunal, passions are sure to flare on the infrequent occasions when the political system has an opportunity to shape it. And so we find the process of judicial appointments verging on dysfunction. Shapiro weighs the many proposals for reform, from the modest (term limits) to the radical (court-packing), but shows that there can be no quick fix for a judicial system suffering a crisis of legitimacy. And in the end, the only measure of the Court's legitimacy that matters is the extent to which it maintains, or rebalances, our constitutional order.

Law and Disorder: Absurdly Funny Moments from the Courts - Charles M. Sevilla - 2014-08-04
Law and Disorder: Absurdly Funny Moments from the Courts - Charles M. Sevilla - 2014-08-04

More hilarious, unbelievable-but-true stories from our nation’s courts, from the author of Disorder in the Court and Disorderly Conduct. Charles M. Sevilla finds comic gems in court transcripts—and now brings readers a delightful, all-new collection. Starting with a chapter on the defendants (one of whom, when asked his marital status, replies after a long pause, “Adequate”) and following with sections on lawyers, experts, witnesses, evidence, and even one called “Malarops” (DA: The status of the boat has no relevance to this case at all. This is a total fishing expedition). Stories from Sevilla’s previous books have become viral Internet sensations, priming readers for more legal disorder, such as: Clerk: Do you solemnly swear that the testimony you are about to give in the cause now pending before this court shall be the truth, the whole truth, and nothing but the truth, so help you God? Witness: Yes, I swear. I’ll say anything but the truth, nothing but the truth.

Disorder in the Court - Association of the Bar of the City of New York. Special Committee on Courtroom Conduct - 1974

Disorder in the Court - D. Eric Horner - 2012-06

It was a day that started out so differently for so many. Shame for some. Anticipation for others. Conflict for still others. They all arrived at the small court house for different reasons, but in the end, all they wanted to do was make it out alive. The characters must balance their fears against their humanity in order to survive. Experience the chaos as escaped convict Brian Baird returns to Apple Lake to settle a score.

Disorder in the Court - The Greeter - 2011-10

Disorder in the Court is a humorous look at how society has affected the way we think, act and dress, particularly concerning court defendants. The outraged antics of people in a real court of law are examined by "THE GREETER" to show how difficult it is to run a courtroom in the 2000s. The text contains excerpt from both the court and the author's former police career. There are no holds barred from adjectives used to describe the behavior of people. The author is referred to as "The Greeter," which will be explained in the text. Relax, read and enjoy. But keep a box of tissues handy, as you may be brought to tears with laughter.

Disorder in the Court - Bob Terrell - 1984

Disorder in the Court - Bob Terrell - 1984

Disorder in the Court - George Robb - 1999-06

At the turn of the century, a spate of sensational trials kept French and English readers spellbound and ignited bitter tugs of war over marriage and divorce laws, women's rights, temperance, gay prostitution, and lesbian literature. The chapters in Disorder in the Court each focus on a specific high-profile trial, and the public debates surrounding it, in order to address the role of the state in regulating sexual morality. The authors draw on police archives, records of coroners' inquests, magistrates' courts, and news coverage to bring to life social conflicts sparked by differing ideologies of class, gender, and sexuality. Also explored is the role of the police and 'scientific' methods of criminality in an era when working class marital conflicts were resolved by an ax blow, unwanted middle class spouses were dispatched with an arsenic diet, and government agents scanned sensational novels or loitered in Paris urinals in search of vice.

Disorder in the Court - Richard Lederer - 1996

Disorder in the Court - Richard Lederer - 1996

Disorder in the Court - Judge Lawrence Waddington - 2014-11-04

In drafting the Constitution, the authors who had lived in England under the tyranny of monarchs divided the new United States government into legislative, executive and judicial branches to dilute government abuse of power. The legislative branch obviously enjoyed priority by its ability to enact laws for the executive to administer. The judicial branch merely resolved "cases and controversies." This book summarizes these cases and explores the increasing emergence of the federal judicial branch exemplified predominately by the U.S. Ninth Circuit Court of Appeal and its infliction of damage to cultural, religious and social traditions of the country. Federal
Estimates indicate that as many as 1 in 4 Americans will experience a mental health problem or will misuse alcohol or drugs in their lifetimes. These disorders are among the most highly stigmatized health conditions in the United States, and they remain barriers to full participation in society in areas as basic as education, housing, and employment. Improving the lives of people with mental health and substance abuse disorders has been a priority in the United States for more than 50 years. The Community Mental Health Act of 1963 is considered a major turning point in America’s efforts to improve behavioral healthcare. It ushered in an era of optimism and hope and laid the groundwork for the consumer movement and new models of recovery. The consumer movement gave voice to people with mental and substance use disorders and brought their perspectives and experience into national discussions about mental health. However over the same 50-year period, positive change in American public attitudes and beliefs about mental and substance use disorders has lagged behind these advances. Stigma is a complex social phenomenon based on a relationship between an attribute and a stereotype that assigns undesirable labels, qualities, and behaviors to a person with that attribute. Labeled individuals are then socially devalued, which leads to inequality and discrimination. This report contributes to national efforts to understand and change attitudes, beliefs, and behaviors that can lead to stigma and discrimination. Changing stigma in a lasting way will require coordinated efforts, which are based on the best possible evidence, supported at the national level with multiyear funding, and planned and implemented by an effective coalition of stakeholder. Ending Discrimination Against People with Mental and Substance Use Disorders: The Evidence for Stigma Change explores stigma and discrimination faced by individuals with mental or substance use disorders and recommends effective strategies for reducing stigma and encouraging people to seek treatment and other supportive services. It offers a set of conclusions and recommendations about successful stigma change strategies and the research needed to inform and evaluate these efforts in the United States.
failed to protect women and girls from violence, and Soviet medicine’s mumble.

Disorder in the American Courts - Marcelle Boren - 2014-09-02
The quotes contained in this book are things real people actually said, word for word, under oath in legal court proceedings and are forever immortalized in the public record. While trying to be completely serious, the words escaping their mouths are anything but. It is true that lawyers and witnesses say the darnedest things. Please enjoy a good laugh at their expense.

Bolshievsky Sexual Forensics - Dan Healey - 2022-11-15
In an effort to modernize criminal and civil investigations, early Bolshevks gave forensic doctors?most of whom had been trained under the tsarist regime?new authority over issues of sexuality. Revolutionaries believed that forensic medicine could prevent the spread of sexual disorder in the new society. Bolshievsky Sexual Forensics explores the institutional history of Russian and Soviet forensic medicine and examines the effects of its authority when confronting sexual disorder. Healey compares sex crime investigations from Petrograd and Sverdlovsk in the 1920s to the numerous publications by forensic doctors and psychiatrists of the prerevolutionary and early Soviet periods to illustrate the role that these specialists played. In addition, Healey presents a fascinating look at how doctors diagnosed and treated hermaphroditism, showing how Soviet physicians revolutionized the standard scientific view in these cases by taking into account individual desire. This study sheds light on how psychologists in rape and abuse trials. Psychiatrists recoiled from the language of sexual psychology in their investigations of personality. “Innocence,” “experience,” and virginity played a major role in female sexuality a collective “resource,” not part of an individual’s constitutional history. Forensic doctors struggled to interpret the replacement of the age of consent with a standard of “sexual maturity,” a designation that made female sexuality a collective “resource,” not part of an individual’s personality. “Innocence,” “experience,” and virginity played a major role in the expertise doctors furnished in rape and abuse trials. Psychiatrists recoiled from the language of sexual psychology in their investigations of sex criminals. Yet in the clinic, Soviet physicians probed the desires of the two-sexed citizen, whose psychology served as the basis for a distinctly different disciplinary order.

Physiological and biological model of sexual citizenship erased the vision of sexual self-expression, especially for women. This groundbreaking study will appeal to Soviet historians and those interested in gender studies, sexuality, medicine, and forensics.

Law and Disorder in the Postcolony - Jean Comaroff - 2008-09-15
Are postcolonies haunted more by criminal violence than other nation-states? The usual answer is yes. In Law and Disorder in the Postcolony, Jean and John Comaroff and a group of respected theorists show that the question is misplaced: that the predicament of postcolonies arises from their place in a world order dominated by new modes of governance, new sorts of empires, new species of wealth—an order that criminalizes poverty and race, entraps the “south” in relations of corruption, and displaces politics into the realms of the market, criminal economies, and the courts. As these essays make plain, however, there is another side to postcoloniality: while postcolonies live in states of endemic disorder, many of them fetishize the law, its ways and its means. How is the coincidence of disorder with a fixation on legalities to be explained? Law and Disorder in the Postcolony addresses this question, entering into critical dialogue with such theorists as Benjamin, Agamben, and Bayart. In the process, it also demonstrates how postcolonies have become crucial sites for the production of contemporary theory, not least because they are harbinger of a global future under construction.

Angel Sanctuary, Vol. 16 - Kaori Yuki - 2013-07-16
Prime Minister of Heaven Sevothtarte’s plans to cement his control over the astral domain ended in ruin. At the show-trial, the testimony of archangels Jibril and Raphael reveals his evil machinations, turning public opinion against him. Then Setsuna and the rebels’ assault on the courtroom results in chaos and a shocking revelation: Sevothtarte’s true identity, along with his relation to the Sandalphon project! With all other forces in disorder, Rosiel is now poised to take control of Heaven, with a new and mysterious ally at his side. But how will the emergence of Sandalphon alter the balance of power? – VIZ Media

Bad Lawyer - Anna Dorn - 2021-05-04
Law school was never Anna Dorn’s dream. It was a profession pushed on her by her parents, teachers, society whatever. It’s not the worst thing that can happen to a person; as Dorn says, law school was pretty “cushy” and mostly entailed wearing leggings every day to her classes at Berkeley and playing beer pong with her friends at night. The hardest part was imagining what it would be like to actually be a lawyer one day. But then she’d think of Glenn Close on Damages, Reese Whithparen in Legally Blonde, and hoped for the best. After graduation, however, Dorn realized that there was nothing sexy about being a lawyer. Between the unflattering suits, sucking up to old men, and spending her days sequestered in a soul-sucking cubicle, Dorn quickly learned that being a lawyer wasn’t everything Hollywood made it out to be. Oh, and she sucked at it. Not because she wasn’t smart enough, but because she couldn’t get herself to care enough to play by the rules. Bad Lawyer is more than just a memoir of Dorn’s experiences as a less-than-
disorders are characterized by problems with emotion regulation, impulsive behavior, and interpersonal conflicts. A Cluster B personality disorder has the potential to be a significant factor in the courtroom regardless of the party asserting it. Without question, individuals diagnosed with a Cluster B personality disorder possess traits that make them more susceptible to becoming involved in litigation, however, to date there has been no research on how these disorders interact with the judicial system.

Disorder in the Court - Catherine Young - 2017

Previous research has shown antisocial, borderline, narcissistic, and histrionic personality disorders, also known as the Cluster B personality disorders in the DSM 5, are commonly raised in lawsuits. Cluster B disorders are characterized by problems with emotion regulation, impulsive behavior, and interpersonal conflicts. A Cluster B personality disorder has the potential to be a significant factor in the courtroom regardless of the party asserting it. Without question, individuals diagnosed with a Cluster B personality disorder possess traits that make them more susceptible to becoming involved in litigation; however, to date there has been no research on how these disorders interact with the judicial system.

Ethics, Conflict and Medical Treatment for Children E-Book - Dominic Wilkinson - 2018-08-05

What should happen when doctors and parents disagree about what would be best for a child? When should courts become involved? Should life support be stopped against parents' wishes? The case of Charlie Gard, reached global attention in 2017. It led to widespread debate about the ethics at the heart of disputes about medical treatment for children. The contents review prominent cases of disagreement from the UK and internationally and analyse some of the distinctive and challenging features around treatment disputes in the 21st century. The book proposes a radical new framework for future cases of disagreement. This new book critically examines the core ethical questions at the heart of disputes about medical treatment for children. The contents review prominent cases of disagreement from the UK and internationally and analyse some of the distinctive and challenging features around treatment disputes in the 21st century. The book proposes a radical new framework for future cases of disagreement around the care of gravely ill people.

Frontiers Of Illusion - Daniel Sarewitz - 2010-06-10

An incisive argument for fostering stronger links between the interests of society and progress in science.

Frontiers Of Illusion - Daniel Sarewitz - 2010-06-10

An incisive argument for fostering stronger links between the interests of society and progress in science.

In Cold Blood - Truman Capote - 2013-02-19

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library’s new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany’s and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote’s masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” "Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers’ flight, Capote’s account is so detailed that the reader comes to feel almost like a participant in the events.

A drive-by shooting of an aging white woman at a gang-plagued Kindle County housing project sets in motion Scott Turow's intensely absorbing novel. With its riveting suspense and idiosyncratically drawn characters, The Laws of Our Fathers shows why Turow is not only the master of the modern legal thriller but also one of America's most engaging and satisfying novelists.

While Justice Sleeps - Stacey Abrams - 2021-05-11

#1 NEW YORK TIMES BEST SELLER • A gripping, complexly plotted thriller set within the halls of the U.S. Supreme Court, where a young law clerk finds herself embroiled in a shocking mystery crafted by one of the most preeminent judges in America—from celebrated national leader and bestselling author Stacey Abrams. "Abrams follows in Dan Brown's footprint with this masterfully plotted thriller that unfolds like the ultimate chess match—bold move to bolder move with lives hanging in the balance."—Lisa Gardner, author of Before She Disappeared "A first-class legal thriller, favorably compared to many of the best, starting with The Pelican Brief, which it brings to mind. It's fast-paced and full of surprises—a terrific read."—Scott Turow, author of Presumed Innocent

SPLITTING - Bill Eddy - 2021-07-01

This highly anticipated second edition of Splitting includes new chapters on abuse, alienation, and false allegations; as well as information about the four types of domestic violence, protective orders, and child custody disputes. Are you divorcing someone who's making the process as difficult as possible? Are they sending you nasty emails, falsifying the truth, putting your children in the middle, abusing you, or abusing the system? Are they "persuasive blamers," manipulating and fooling court personnel to get them on their side? If so, you need this book. For more than ten years, Splitting has served as the ultimate guide for people divorcing a high conflict person, one who often has borderline or narcissistic (or even antisocial) personality disorder. Among other things, it has saved readers thousands of dollars, helped them keep custody of their children, and effectively guided them through a difficult legal and emotional process. Written by a family law attorney and therapist, and the author of Stop Walking on Eggshells, Splitting is an essential legal and psychological guide for anyone divorcing a persuasive blamer: someone who suffers from borderline personality disorder (BPD), narcissistic personality disorder (NPD), and/or antisocial personality disorder (ASPD). This second edition includes new information about antisocial personalities, expanded information about domestic violence, child abuse, alienation, and false allegations; as well as information about protective orders and child custody disputes; and a new chapter on how to successfully present your case to decision makers. Turn to this guide to help you: Predict what your spouse may do or say in court. Take control of your case with assertiveness and strategic thinking. Choose a lawyer who understands your case. Learn how e-mails and social networking can be used against you. If you need help navigating a high-conflict divorce from a manipulative spouse, this book includes all of the critical information you need to work through the process of divorce in an emotionally balanced, productive way.

SPLITTING - Bill Eddy - 2021-07-01

This highly anticipated second edition of Splitting includes new chapters on abuse, alienation, and false allegations; as well as information about the four types of domestic violence, protective orders, and child custody disputes. Are you divorcing someone who's making the process as difficult as possible? Are they sending you nasty emails, falsifying the truth, putting your children in the middle, abusing you, or abusing the system? Are they
on their side? If so, you need this book. For more than ten years, Splitting has served as the ultimate guide for people divorcing a high conflict person, one who often has borderline or narcissistic (or even antisocial) personality disorder. Among other things, it has saved readers thousands of dollars, helped them keep custody of their children, and effectively guided them through a difficult legal and emotional process.
