The Development of Exegesis in Early Islam
Herbert Berg - 2013-04-03

The most impo...
This book provides a comprehensive and systematic analysis of the various schools of Qur'anic exegesis, from the earliest periods through to the present day. It explores the historical, theological, and philosophical traditions that inform these approaches, and evaluates their impact on modern scholarship.

The book begins with an overview of the historical development of Qur'anic exegesis, highlighting key figures and schools. It then goes on to examine the various approaches to exegesis, including literal, historical, and spiritual interpretations. The book also discusses the role of the Qur'an in Islamic law and theology, and considers the relationship between exegesis and the development of Islamic thought.

Throughout the book, the author draws on a wide range of sources, including primary texts, secondary literature, and recent scholarship. This makes it an invaluable resource for students and scholars of Qur'anic exegesis, as well as for those interested in the broader field of Islamic studies.

The book is structured in a way that makes it accessible to readers with varying levels of familiarity with Islamic studies. It begins with an introduction to the key concepts and terms, and then gradually builds up to more advanced topics. The book also includes a detailed bibliography, which will be useful for further research.

Overall, this book is a major contribution to the field of Qur'anic exegesis, and will be an essential resource for anyone interested in the history and significance of this important aspect of Islamic thought.
There is much more to the Qur'an than the selective quotations favoured by Islamic fundamentalists. This book provides a student-friendly guide to the many ways in which the Qur'an can be read. Designed for both Muslims and Western non-Muslim students, it examines the Qur'an in Western scholarship as well as giving an overview of the textual, historical, and hermeneutical approaches, including, for the first time, an examination of the Qur'anic exegesis of contemporary Muslim scholars. Written in an accessible and non-jargonistic style, the book brings together a historical theologian and a biblical scholar to examine these Qur'anic-era readings of the Qur'an. In doing so, this volume seeks a better understanding of the Reformers and the true meaning of the biblical text.

Reformation Readings of Paul - Michael Allen - 2015-10-24

Do the Protestant Reformers understand Paul correctly? Has the church today been unfairly influenced by Reformation-era misreadings of the Pauline epistles? These questions—especially as they pertain to Martin Luther's interpretation of the Pauline doctrine of justification—have been at the forefront of much discussion within biblical studies and theology in light of the New Perspective on Paul. But that leads to another question: What have we understood the Reformers correctly? With that in mind, these essays seek to enable a more careful reading of the Reformers' exegesis of Pauline texts. Each chapter pairs a Reformer with a Pauline letter and then brings together a historical theologian and a biblical scholar to examine these Reformation-era readings of Paul. In doing so, this volume seeks a better understanding of the Reformers and the true meaning of the biblical text.

The Development of Theology in Germany Since Kant - Otto Pfleiderer - 1890-09-09

The Development of Theology in Germany Since Kant and Its Progress in Great Britain Since 1825 - Otto Pfleiderer - 1909-09-09

Dictionary of Major Biblical Interpreters - Donald K. McKee - 2007-11-12

Featuring more than two hundred in-depth articles, this comprehensive resource introduces the principal players in the history of biblical interpretation and their historical and intellectual contexts, their primary works, their interpretive principles, and their lasting impact on later writers.

The Qur'an - Abdullah Saeed - 2008-01-15

There are many more to the Qur'an than the select quotations favoured by Islamic fundamentalists. This book provides a student-friendly guide to the many ways in which the Qur'an can be read. Designed for both Muslims and Western non-Muslim students, it examines the Qur'an in Western scholarship as well as giving an overview of the textual, historical, and hermeneutical approaches, including, for the first time, an examination of the Qur'anic exegesis of contemporary Muslim scholars. Written in an accessible and non-jargonistic style, the book brings together a historical theologian and a biblical scholar to examine these Qur'anic-era readings of the Qur'an. In doing so, this volume seeks a better understanding of the Reformers and the true meaning of the biblical text.
